SUMMARY

I am a Frontend Developer, specialized in React, React Native and NextJs, with a solid background in Industrial Engineering, Graphic Design, Industrial Design and UX/UI Design. After working as a web design freelancer I now continue to develop my web and programming skills. I consider myself a self-organized person, eager to learn and with senior management skills, fluent in Swedish, Spanish and English.

AREAS OF EXPERTISE

JavaScript, React, React Native, NextJs, Redux, TypeScript, Algorithms, Data Structure, GitHub, Performance optimization, Responsiveness, Jest, React / React Native Testing Library, Node.js, SASS, Jira, Agile, Scrum, Web Programming, UX/UI Design. Figma & Adobe Suite.

STRENGTHS

Extensive engineering and programming skills in combination with an artistic eye for design. I create dynamic, high-performing and responsive web applications with a focus on good user experience.

ACHIEVEMENTS

Mentored junior developers, fostering a collaborative and innovative team environment, contributing to their growth

LANGUAGES

Swedish - native
Spanish - fluent
English - fluent
German - intermediate
